WHY STUDY A FOREIGN LANGUAGE?

Here are just a few reasons why learning a language is important:

- Languages teach you communication skills and adaptability.
- Languages teach you cultural awareness.
- Languages give you a sense of achievement.
- Languages develop social skills.
- Languages give you the edge in the job market.
- Learning languages gives you greater opportunities to travel and work abroad.

FRENCH

What will I learn in Year 7 French?

- Talk about family and friends.
- School subjects and routines.
- Describing where you live.
- Leisure activities/hobbies.
- Learn about French culture and traditions.

What skills will I develop?

- Be able to carry out short conversations, answering and asking questions.
- Create paragraphs of writing using a range of vocabulary.
- Express your opinions and points of view.
- Understand details from news clips, magazines, songs and books.

ADDITIONAL LANGUAGES

Many of our students are lucky enough to speak a language in addition to English! Wherever possible we enable students to take an extra GCSE in that language. In recent years students achieved exceptionally well in:

Chinese
Panjabi

Dutch
Turkish

Italian
Urdu

If you speak another language TELL US ABOUT IT! At St Peter's CofE Academy we celebrate the cultural and linguistic diversity of our students.

ENGLISH AS AN ADDITIONAL LANGUAGE

A number of students join our school from overseas and as a result have little English. At St Peter's we have a dedicated member of staff to support these students where necessary, either within selected lessons or through more specific support.
